**Race and Ethnicity in Greek and Roman
Art and Architecture**

Spring 2022 | Seaman | M 3-5:50pm

This seminar explores race and ethnicity in Greek and Roman art and architecture. Topics include: constructions of identity in ancient art, architecture, and literature; multiculturalism in the ancient Mediterranean; representations of different peoples in Greek and Roman art; modern reception of race and ethnicity in ancient art and architecture; Black Classicism; and decolonization of classical art and architecture.
